SUMMARY

IA passionate and detail-oriented front-end developer with a strong foundation in web technologies and a keen interest in creating user-friendly and visually appealing websites. Eager to apply my skills in HTML, CSS, JavaScript, and modern frameworks to contribute to a dynamic development team and grow my career as a front-end developer. I am also pursuing my full stack web app course which is about to complete , recently i completed the next js module now we learn react native cli and expo
